City of Missoula, Montana
Special Presentation
City Planning Commission Agenda Item

Item:	**City Planning Commission – Information & Training**
Date:	March 25, 2026
Sponsor(s):	**Jen Gress**
Initiated by:	CPDI

Recommended Motion(s):
None

Timeline:
N/A

Background:
In Spring of 2024, the Montana State Legislature established the Montana Land Use and Planning Act (MLUPA), now codified as MCA 76-25, requiring municipalities of a certain size to establish a Planning Commission.

On December 15, 2025, the City Council approved Resolution #8921 establishing the Missoula City Planning Commission (CPC), and on March 16, 2026, the City Council appointed seven of the nine members to the Commission. Two positions still need to be advertised for and filled.

This Special Meeting will be a training and introduction for the seated Commission members. Staff will give a presentation on the policies and documents that will be the basis for the City Planning Commission. Information will be provided regarding meeting format, City Planning Commission membership, documents used, and various processes.
